JalexanderMcLean@Gmail.com | <https://www.linkedin.com/in/jmclean115/> | <https://github.com/JordyAM> | Phone Number: 470-446-4624

Full stack software engineer. Highly motivated professional, striving to exceed expectations. With a strong background in customer relations and team building, collaboration is key and my main focus. I love solving problems and using those solutions to create something from nothing.

Skills

Javascript, React, Node.js, Express, MongoDB, Python, Django, and HTML/CSS.

Projects

Tamagotchi – An HTML Tamagotchi pet that you can feed, play with, and put to sleep

FFXIV Viewer – A Character Viewer for the game Final Fantasy XIV using XIVAPI

Collectus - An app for collectors to organize and document their hobbies.

Experience

Consumer Electronics Associate | Microcenter | Brooklyn, NY

NOVEMBER 2017 TO JANUARY 2022

Responsibilities:

- Consulted with 30+ customers a day. Solving their tech issues and suggesting products to expand their pursuits.
- Organized multiple product sections with items numbering in the thousands.
- Advised customers on how to upgrade or repair any electronics or computers.

Head Photo Specialist | Walgreens Co. | Brooklyn, NY

JULY 2008 TO NOVEMBER 2015

Responsibilities:

- Developed 100+ orders, a mixture of film and digital, a week for customers ahead of the deadline for each.
- Repaired and maintained electronic equipment. Serviced and tested all equipment.
- Trained 10+ new hires in daily tasks and maintenance.
- Proficiently communicated relevant details with management by telephone, e-mail, and in person.
- Maintained Noritsu chemicals and inspected equipment, structures, and material, to identify the cause of errors.
- Created the marketing for the photo department.

Education

General Assembly | January 2022 - April 2022 | Brooklyn, NY | 12-week intensive coding bootcamp

Bachelor of Science | Graduated 2021 | CUNY Brooklyn College | Brooklyn, NY | Major: Multimedia Computing
